

Ramsey Manor Lower School

Aspire, Achieve, Excel

EDITION 23

Weekly Newsletter

Friday 6th March

We believe that all of our students have the opportunity to thrive in our inclusive, nurturing and inspiring environment where they will grow into creative and confident learners without limits.

Dear Parents and Carers,

It has been another brilliant and busy week here at Ramsey Manor.

Firstly, a huge thank you to Mrs Chandler for organising such a fantastic World Book Day today. It has been wonderful to celebrate our love of books, stories and the incredible adventures that reading can take us on. The students have taken part in a range of special reading activities throughout the day and it has truly been a celebration of the power of reading.

Thank you also to all of the parents who came along to our open classrooms yesterday to

view your child's books ahead of the upcoming parent consultation evenings. If you have not already done so, please remember to book an appointment to meet with your child's teacher to discuss the progress that is being made.

This week, our Year 2 students also enjoyed a very special Florence Nightingale workshop which linked brilliantly to their current learning in class and helped bring their topic to life.

Thank you, as always, for your continued support. Have a great weekend.

Yours sincerely, Mr Colin Moore

Our current value is FORGIVENESS.

Science Week- 9th March

Next week we will be marking Science Week. This is a fantastic opportunity to celebrate the importance of science and inspire curiosity about the world around us. Science helps our students develop questioning minds, problem-solving skills and a deeper understanding of how things work. We are also delighted that some of our inspirational parents will be visiting to share what they do in the world of science, helping to show our students the many exciting possibilities that science can offer in the future. Thank you to Mrs Buckhurst for organising the week!

A reminder to please book an appointment with your child's class teacher for the upcoming parent consultation meetings.
